EXPERIENCE

- Onescreen Solutions** | *Software Engineer* August, 2023 – Present
Worked as a front-end react developer, gave a new face to many of the company's applications, along with that also worked on some back-end projects as well. This company gave me a lot of opportunities, in regards to working on thing which I hadn't worked on before, this included working on Kotlin based Mobile App development.
- Fiverr** | *Freelance* April, 2022 – Present
Worked on Numerous Projects, in NEXT.js, Firebase, NEST.js, Plain React, and much more, please visit my website for more information.
- Onescreen Solutions** | *Research and Software Development Intern* May, 2023 – August, 2023
Worked with the Research and Development team of the company, created React.js front-ends of some projects of the company

NOTABLE PROJECTS

- DilJo (Fundraising Web Application)** | *NEXT.js, Tailwind CSS, Pocketbase*
- Automated the donation system at NUST and designed it as a flexible fundraising platform similar to GoFundMe with an added element of gamification, i.e., Achievement System. The backend was developed using Pocketbase, implemented in Golang with SQLite.
- Beyond Humans** | *React, Tailwind CSS, Typescript*
- Created the front-end of the website called beyondhumans.com as a freelance project from Fiverr.
- Jacokin Auto** | *NEXT.js, NEST.js Backend, MongoDB, Typescript, SCSS, Redux, JWT*
- Participated in a freelance project with a team of developers. Responsible for some front-end work and primarily API integration. This challenging project significantly contributed to my skill set, particularly in TypeScript.
- Maquette** | *NEXT.js, Typescript, Firebase*
- Developed for a French iron curtain store with custom features requested by the client. This freelance project on Fiverr involved creating a custom tool from scratch, mainly focusing on the front-end in NEXT.js, JWT-based authentication, and Firestore integration.
- And many more projects. The above are the ones that are either my personal projects or I was allowed by the client to display on my resume.**
